

Team C4IEWS

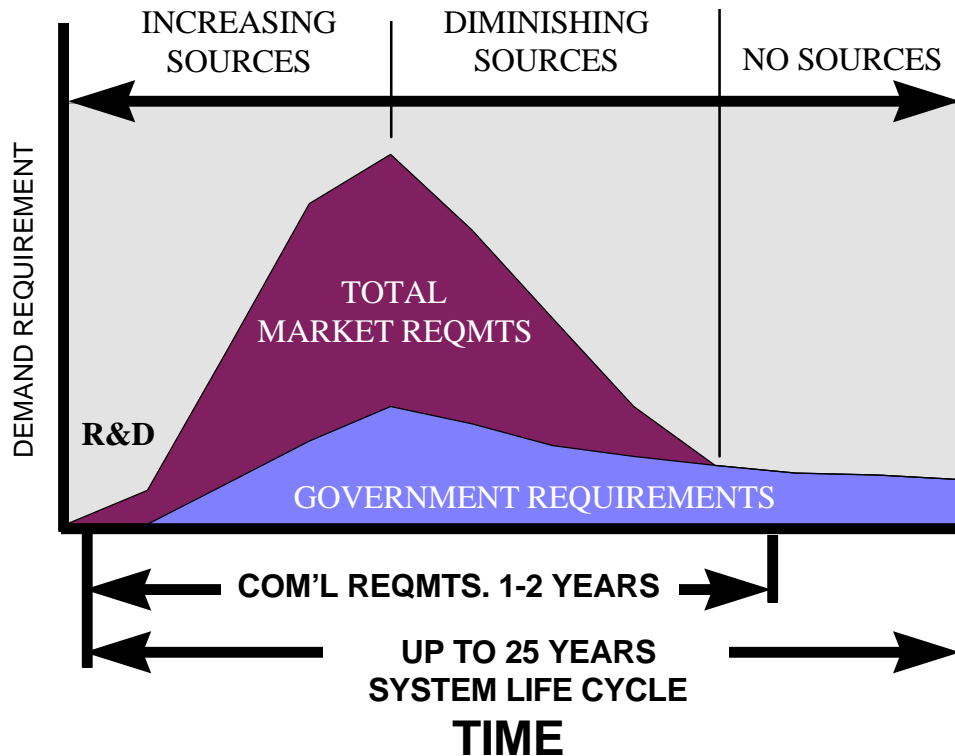

Specs and Standards Acquisition Reform Team

*Team C4IEWS Standards Improvement Program Execution
Through Partnership of AMC and PEO Organizations*

C4IEWS Business Environment

DOD No Longer Dominates

- DOD industrial base must now depend on the commercial market to compete
- DOD requirements definition process under review
- Obsolescence Risk reduced
- Technology Insertion essential
- Agile/Flexible Processes are Key Drivers
- All DoD Products Will Not Fit, Use Common Sense Approach

- Save money
- Remove barriers to integration of the commercial/military industrial bases
- Enable DoD access to state-of-the-art technology

C4IEWSIM Reform Initiatives Vision

It works Better if
We do it Together

A NEW WAY OF DOING BUSINESS

Applying New Processes: Performance Based Philosophy

Utilization of
Current Technology

Modernization
Through Spares

Maximize
Creativity of IPT

Reliance on
Commercial
Marketplace
